SPECIAL NEEDS POOLED TRUST: DISBURSEMENT GUIDELINES

DISBURSEMENT OF FUNDS FROM SPECIAL NEEDS POOLED TRUST

Guiding Principles

All disbursements from the Special Needs Pooled Trust are subject to the following four principles, which reflect federal law.

- **Sole Benefit:** Disbursements must be used for the sole benefit of the beneficiary. They are intended to enable the person to lead as comfortable, dignified, and fulfilling a life as possible.
- **Supplemental Needs:** Disbursement must be used to supplement public benefits; for example, to pay for things for which Medicaid would not pay.
- **Payments to Third Parties:** Disbursements must be made to third-party vendors (such as a furniture store, for a more comfortable chair for the beneficiary) or to reimburse third parties for payments made for the benefit of the beneficiary (such as when a caregiver buys a heating pack for the beneficiary's use). Payments cannot be made directly to the beneficiary.
- **Sole Discretion:** Neither the beneficiary nor any person acting on behalf the beneficiary can require PLAN to make payments or reimbursements. PLAN, as the Trustee, has sole discretion to authorize payments or reimbursements from the beneficiary's Trust account. This helps to ensure the beneficiary's account is used in a way that serves his/her long-term needs and does not negatively impact his/her benefits.

SAMPLE DISBURSEMENTS / USES OF TRUST FUNDS

The following examples illustrate the types of appropriate disbursements that may be made for a beneficiary.

- Health and dental treatment and equipment not covered by insurance—or where out-of-pocket cost or deductibles are charged. *Examples include; eyeglasses, supplemental nursing care, dietary supplements, rehabilitative services, or private therapy.*
- Companion services or private case management (this must be discussed with your Service Coordinator to be established).
- Clothing and personal needs such as toiletries or haircuts
- Household items such as furniture, bedding, television, or microwave
- Prepaid funeral and burial costs prior to death
- Personal electronic devices such as mobile phone, tablet, or computer
- Transportation costs such as chair-car service not covered by insurance, taxi, private service rides, or vehicle repairs [**Vehicle purchases by the Trust require review by PLAN and the Board. Contact your Service Coordinator to learn more.**]
- Recreational activities, cultural events, travel, books, movies, or entertainment (**requests for payment of vacations must be pre-approved and should be discussed with your Service Coordinator. Please allow at least 2 weeks for PLAN to review the request. All expenses related to the vacation must be submitted with the request.**)
- Education and training programs such as college courses, online learning, local lectures, and personal mentors and tutors
- Veterinary bills for beneficiary's pet

PROHIBITED DISBURSEMENTS/USE OF TRUST FUNDS

The following are examples of prohibited disbursements (this list is not exhaustive):

- Cash or Beneficiary's Debit card
 - Gift cards are cash equivalents
 - Personal Needs Accounts (PNA) are also cash equivalents
- Reimbursements to the beneficiary
- Gambling
- Alcohol
- Weapons and/or ammunition
- Pornography
- Gifts to others (the trust cannot disburse for wedding, bar or bat mitzvah, quinceanera, graduation, birthday gifts, or donations to charitable organizations)
- For beneficiaries who receive **SSI**, disbursements for rent, condo fees, and food (including restaurants, gas stations, and/or convenience stores) are prohibited. Payment of these items would result in a decrease of the SSI payment.
- For beneficiaries who receive **subsidized housing/Section 8**, disbursements for rent, food, and recurring payments are prohibited. Recurring payments are counted as income and will result in an increase in rent. Examples of recurring payments include rent, condo fees, heat, electric, cable, internet, and/or telephone bills.
- If you are receiving SSI or subsidized housing/Section 8 your Service Coordinator will advise on what can or cannot be paid.
- The Trust should not pay for items or services that are paid by, or eligible for payment by, another source.
- For beneficiaries who reside in nursing homes or residential/group facilities, payment of the Patient Paid Amount or Group Living Environment rent is the responsibility of the beneficiary or his/her representative and is typically paid from the person's Social Security income. Trust funds cannot cover the Patient Paid Amount or Group Living Environment rent.

ADDITIONAL GUIDELINES FOR REQUESTS FOR DISBURSEMENT / REIMBURSEMENT

- Requests for disbursement/reimbursement are considered based on many factors including:
 - Government rules and regulations
 - A trust beneficiary's current and future assets, income, earning capacity and needs as well as the amount of funds in the beneficiary's account
 - Services and benefits to which the trust beneficiary may be entitled
 - A beneficiary's current and future needs for health, educational, social and other services
- **Because each request is evaluated independently, approval of one request is no guarantee the same or similar request will be approved in the future.**
 - If you have a question about whether an item or service is an appropriate disbursement, consult with your Service Coordinator for pre-approval.
 - If there is a problem with processing a disbursement request, your PLAN Service Coordinator may contact you for additional information.
- Receipts, bills, and invoices must include items and services only for the beneficiary. For example, if you purchase items for yourself and the beneficiary at the same store, you cannot do so in one transaction and need a separate receipt for the items specifically for the beneficiary. If invoices or receipts include items purchased for someone other than the beneficiary, PLAN reserves the right to refuse payment of the disbursement request.
 - **Gift cards and store/merchant credit may not be used as payment.**
- **Submit disbursement requests as soon and as often as possible.**
 - **All disbursement requests for payment or reimbursement must be made within 90 days of the purchase or service.**
- **Disbursements are not allowed after the death of the beneficiary.**
- Reimbursement / disbursement requests are processed and mailed from PLAN within 7-10 business days of receipt.

- Disbursement requests that exceed \$3,000 require review and approval by the Executive Director. Any requests that exceed \$10,000 require additional review and approval by the Board of Directors prior to purchase. These additional reviews may exceed our 7-10 business day response.
- Credit Cards: PLAN is not responsible for late fees, interest, or other additional finance charges for any purchase, service, or reimbursement. It is the responsibility of the account holder to make minimum payments. It is also the responsibility of the account holder to abide by payment due dates. It is your responsibility to pay for any purchases that are not approved.
- As stated herein, if there is a question as to the appropriateness of a purchase, check with the assigned Service Coordinator prior to making purchases. Denied requests for reimbursement are the responsibility of the person making the purchase.
- **For payment to an outside vendor, a [W-9](#) is required to be on file per IRS regulations.**

Each beneficiary is assigned a Service Coordinator who assists with Trust services and provides guidance around disbursements. For questions about disbursements, please call your Service Coordinator at 888-890-7526.
